JOIN THE NEIGHBOURHOOD SUCCESS STORY

ELEPHANT

PAR

BE PART OF A THRIVING NEW NEIGHBOURHOOD N ZONE 1, CURATED TO REFLECT THE SPIRIT OF ELEPHANT & CASTLE

WELCOME TO ELEPHANT PARK

One of Zone 1 London's most unique and diverse neighbourhoods. A vibrant collection of high street environments, created to champion local businesses and people to allow the personality of Elephant & Castle to shine through. Elephant Park is a must visit destination, where residents are proud to live, and retailers are thriving.

This is one of the last opportunities to join a passionate community that is flourishing in the park.

A PROSPERING COMMUNITY

At Elephant Park life is good and retail is thriving, but with so many success stories to choose from, you don't have to take our word for it.

V I've been here in Elephant Park for nearly two years. When I got this chance I was so surprised and excited, because when a big company like Lendlease trusts you and gives you this chance, especially a small business like mine, it's really nice. They held my hand and helped me to get here.

With Lendlease, it's been a long but amazing journey. My dream was always Elephant Park, because it's an amazing development with thousands of homes and 50 retail units...

Sebastien Sainsbury Founder, Crate to Plate

What Elephant Park has done in terms of our broader strategic expansion...it has allowed us to launch in Manchester, Bristol, Oxford and Cambridge. Having a contract with a landlord like Lendlease opens doors and shows proof of concept.

Laurence Higgins Director of Impact, Change Please

"Lendlease identified our roots within the culture and identity of Elephant Park and we're both grateful and proud to be part of the project."

Sebastian O'Driscoll, co-founder of The Tap In

.

With our South London roots, Elephant Park is a great location for our latest store opening. We are delighted to sit alongside such an exciting and diverse array of retailers and restaurants. We are really looking forward to continuing as part of the Elephant Park community.

Peter Milne Co-Founder of The Nunhead Gardener

It is great working with the Lendlease team, and we're happy to be part of the Elephant Park community. We've had great success here despite opening in a time that was really challenging, because there has been amazing support along the way.

Sarah Wall – Owner of The Rosy Hue

Lendlease found someone to help us with our business plan. They've been a very supportive landlord, especially throughout Covid.

Linda Johnson – Co-Owner of Tasty Jerk

Eddie Chan Owner of Kiki & Miumiu

Lendlease understood the importance of having an independent pub as part of its community, and we are grateful for their support in helping to make this new venue a reality.

OUR APPROACH TO RETAIL GOES FAR BEYOND DESIGN, BUILD AND LEASING.

We curate our retail environments to play an authentic role in the creation of the place. When you move into Elephant Park you'll already know you're the right fit to succeed, because we work with businesses we believe in and invest in your success.

The value operators bring to our community goes beyond the financials, and we get that. We will work with you and invest our time in exploring environmental and social outcomes because we know how important they are to the long-term vitality of a destination.

Are you a local business looking to partner with the park? Ask us about our support packages including incentives and discounted structured terms on rents.

MISSION ZERO

Elephant Park has set itself the high ambition of being among the most sustainable inner-city urban regeneration projects in the world, in line with our company-wide mission. With this vision in mind, we can truly deliver above and beyond what is expected and make a real difference for the project and the area, and to ensure that it becomes part of London's already rich tapestry of green spaces and streets.

Ultimately, this place should nurture and contribute to the natural systems that will sustain us all, not deplete them – this is the only way we can really guarantee positive longevity and legacy for the project. The park and the landscaping have been specifically designed to enhance biodiversity in the area, but our biggest commitment, made from the outset, is for Elephant Park to be net-zero carbon in operation by the time the project completes.

At Lendlease, we're tackling the biggest threat to our planet: climate change. To help avoid the worst impacts of climate change, we are eliminating carbon emissions from our business. We aim to be Net Zero Carbon by 2025, and Absolute Zero Carbon by 2040, with no offsets and no excuses.

We call this our Mission Zero.
